SOTUFAM

Sotufam - Since 1978

For over 46 years, Sotufam has been a leader in the kitchen utensils industry. Our work in this field has inspired us to constantly grow—embracing new ideas, styles, and technologies.

In this catalog, we proudly present the results of our experience and hard work. **As Tunisia's top kitchenware manufacturer**, we are dedicated to providing high-quality products and designs.

Thank you for choosing Sotufam. We will continue our efforts in research, improving materials, and creating new designs to ensure your satisfaction and keep us ahead in the industry.

SOTUFAM

La Sotufam combines high-quality European aluminum with artisanal craftsmanship under a fair trade initiative.

This blend of industrial precision and ethical production supports local artisans, ensuring durable products while promoting social responsibility through fair wages and sustainable practices.
